FROM: Bureau Chief Jim French
SUBJECT: Structure Fire - 5 S 370 Radcliff, Naperville
PAGES: 2

At 6:10 P.M. on Tuesday, May 10, 2011, the Lisle Woodridge Fire District was notified of an emergency by way of a 9-1-1 call from a resident reporting a house fire in a single-family home located at 5 S 370 Radcliff Road in Naperville.

A General Alarm response was dispatched to the residence for the emergency. Upon arrival smoke was noted in the building on the second floor and in the attic. The General Alarm immediately dispatched four (4) engines, two (2) ladder trucks, two (2) medic units, and a Command Team to the scene that consisted of 25 Lisle-Woodridge Fire District personnel.

-more-

After confirming that the residents were out of the home, the first fire engine on the scene stretched a 1 $\frac{3}{4}$ " hose line to the front door, advanced into the front entrance and up to the second floor. The extinguishment of the fire commenced. The following companies strategically placed ladders around the building performed search and rescue for additional occupants inside the home.

The fire was under control approximately 10 minutes after the Fire District's arrival; however units remained on the scene performing salvage duties and overhauling the burned area of the structure. The building was determined to be uninhabitable. There were no injuries to any civilian or emergency responders during this incident.

The Lisle-Woodridge Fire District fire investigation team is investigating the cause of the fire. No further information is available at this time. Additional information will be disseminated as it becomes available. If you have further questions, please contact Bureau Chief Jim French at (630) 353-3000.
