Press Release

Structure Fire

At 13:54 hours on 02 APR 2020 the Lisle-Woodridge Fire District was notified of a fire by way of a 9-1-1 call at 2 Pheasant Ct. Woodridge, IL 60517.

A General Alarm assignment was dispatched sending four (4) engines, two (2) ladder companies, two (2) medic units and Command Staff to the scene. A total of more than 25 personnel.

The first unit arrived at 13:58 hours reporting smoke and fire. Hose lines were deployed and a search for occupants within the structure was conducted. The building was ventilated and utilities were shut off.

The fire was under control approximately 20 minutes after arrival of the first fire company. Personnel remained on the scene until approximately 16:00 hours performing salvage duties and overhauling the burned areas of the structure.

There were no injuries to civilians or emergency responders. The structure is not habitable. Occupants were able to make their own arrangements for shelter.

Lisle-Woodridge Fire District units were assisted by Darien-Woodridge and Downers Grove Fire Departments at the scene and coverage of fire stations.

The cause of the fire is under investigation.
